Exhibition components:

- 1: Projectors x 7 (1080P, Short throw lens), installed on the ceiling using spider mounts;
- 2: BrightSign LS424 media player x 7 for video synchronization; interconnected via ethernet cables, and connected to the projectors via HDMI cables;
- 3: Acrylic texts, custom laser cutting, hung from the ceiling;
- 4: The set of seven 3D animations comprises the main body of the work. Animation channels are projected onto the custom-made projection screens (back-lit film or similar material) hung from the ceiling.
